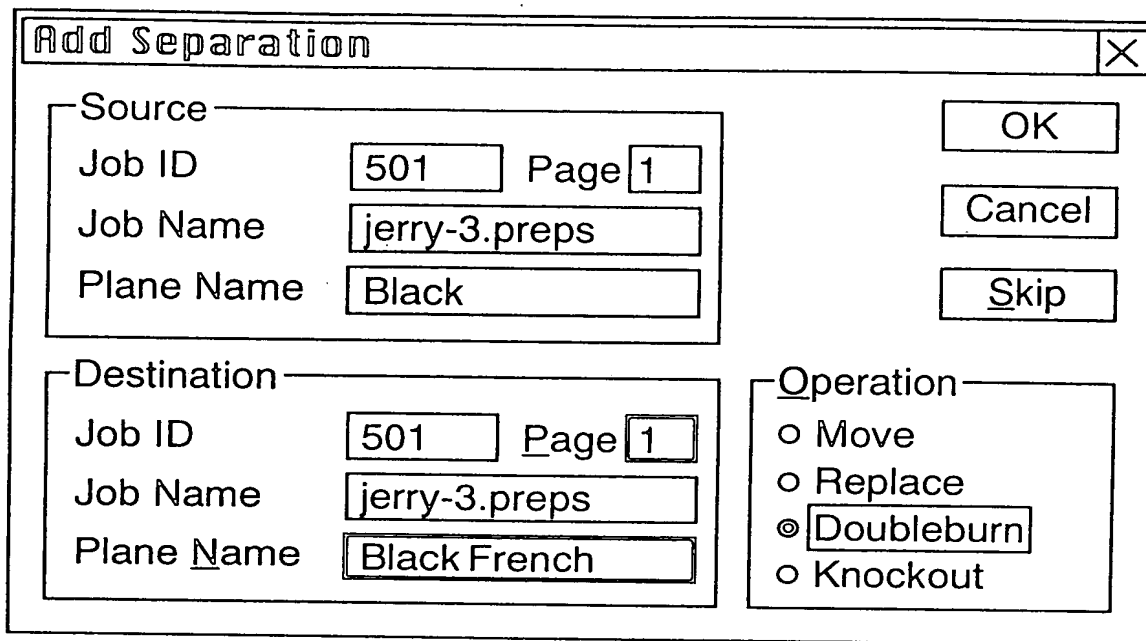

FIG. 13C is a screenshot of a software dialog box titled "Add Separation". The dialog box has a standard Windows-style title bar with a close button (X) in the top right corner. It is divided into three main sections: "Source", "Destination", and "Operation".

The "Source" section contains three input fields: "Job ID" with the value "501", "Page" with the value "1", "Job Name" with the value "jerry-3.preps", and "Plane Name" with the value "Black".

The "Destination" section contains three input fields: "Job ID" with the value "501", "Page" with the value "1", "Job Name" with the value "jerry-3.preps", and "Plane Name" with the value "Black French".

The "Operation" section contains four radio button options: "Move", "Replace", "Doubleburn" (which is selected), and "Knockout".

On the right side of the dialog box, there are three buttons: "OK", "Cancel", and "Skip".

FIG. 13C

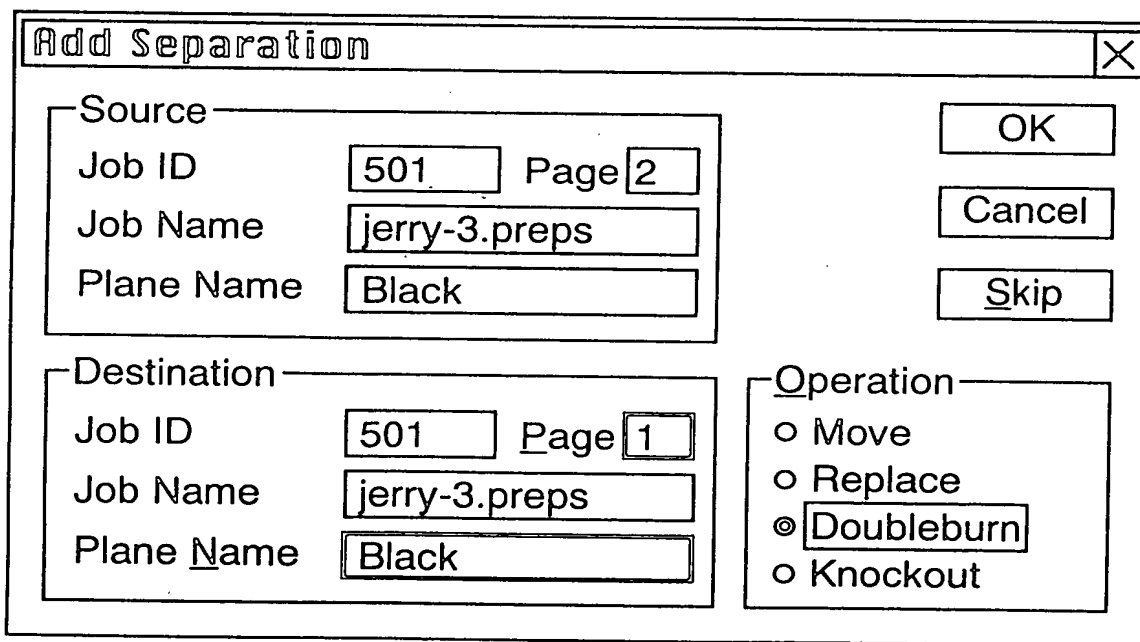

FIG. 13D is a screenshot of a software dialog box titled "Add Separation". The dialog box has a standard Windows-style title bar with a close button (X) in the top right corner. It is divided into three main sections: "Source", "Destination", and "Operation".

The "Source" section contains three input fields: "Job ID" with the value "501", "Page" with the value "2", "Job Name" with the value "jerry-3.preps", and "Plane Name" with the value "Black".

The "Destination" section contains three input fields: "Job ID" with the value "501", "Page" with the value "1", "Job Name" with the value "jerry-3.preps", and "Plane Name" with the value "Black".

The "Operation" section contains four radio button options: "Move", "Replace", "Doubleburn" (which is selected), and "Knockout".

On the right side of the dialog box, there are three buttons: "OK", "Cancel", and "Skip".
